What is an Entry Summary Declaration?

- Entry Summary Declarations are required for all goods moved from Great Britain to Northern Ireland.

- It is the legal responsibility of the carrier to ensure safety and security information is declared via the Entry Summary Declaration, but other parties (trader, haulier or intermediary) may agree to complete it.

How does TSS support Entry Summary Declarations?

- TSS provides a portal for registered traders, carriers and hauliers to provide safety and security data that TSS uses to generate and submit Entry Summary Declarations to HMRC.

- TSS uses this and further data provided by the trader to complete import declaration requirements.
