SPIMM is not yet in effect

If there are any words or acronyms in this document that are unfamiliar, refer to the [Jargon Buster](#) or use the search tool on the [Northern Ireland Customs & Trade Academy \(NICTA\) website](#) to find a definition.¹

Throughout this document there will be words highlighted in a **bold, blue colour**. This indicates a TSS Portal field name that will support you in completing the actions required.

This guide includes information on the simplified processes for Internal Market Movements (SPIMM) as part of the Windsor Framework implementation, and enables traders to be prepared for when they take effect.

1 Movements navigation in the TSS Portal

The TSS Portal has been updated in preparation for the introduction of Windsor Framework features.

The following guidance will provide visualisation of the main features available to TSS users when navigating through movements in the TSS Portal.

2 Where can I start or find movements related to declarations and Internal Market Movement Information (IMMI)?

The TSS portal now uses '**Goods Movement**' terminology where previously it may have used '**Declaration**'. After logging into the TSS account, locate the **Goods Movements** tab. Click on one of the options under this tab based on your need.

- The **Start a Goods Movement** option will take you to the **Goods Movement Options** page, which lists all the forms available to declare or inform HMRC about the movement of your goods in the journeys supported by TSS and to obtain reports.

¹ Terms used in this guide refer to the terminology used on the TSS Portal. These may not match the most recent terms used on GOV.UK, in HMRC's Customs Declaration Service or the [Northern Ireland Online Tariff](#) on GOV.UK.
